PORTFOLIO
ZUHA IRFAN

Skills

- **HTML / CSS / JavaScript**
- **Responsive Web Design**
- **Backend API Development**
- **Python**
- **C# / C++**
- **MySQL / SQL**
- **Git / GitHub**
- **Object-Oriented Programming**
- **Software Design & Architecture**
- **Data Structures & Algorithms**

Certifications

Artificial Intelligence Course
Feb 2026 – May 2026
Corvit Institute (NAVTTC)

Languages

English

Urdu

Punjabi

Interests

- **Web Development**
- **Backend Development**
- **APIs**
- **Software Architecture**
- **Database Systems**

Education

APS Humayun, Rawalpindi, Pakistan Matriculation • A1
2019 – 2021

APS Humayun, Rawalpindi, Pakistan Intermediate (Pre-Engineering) • A1
2021 – 2023

Fatima Jinnah Women University
Bachelor of Science in Software Engineering
Rawalpindi, Pakistan Ongoing 2023 – 2027

Experience

DevelopersHub Corporation | Remote Dec 2025 – Feb 2026
Full Stack & Front End Development Intern

Applied modern HTML, CSS, and JavaScript practices to improve usability and interface performance.

Digital Empowerment Network | Remote Jul 2025 – Sep 2025
Web Development Intern
Gained practical experience in web application development and collaborative project delivery.

iBixare | Remote Sep 2025
AI & Automation Analysis Intern

Worked on automation workflows and debugging process-related issues.

Projects

Smart Campus Resource Management System

Applied software construction principles to build a maintainable end-to-end application.

Heart Disease Detection System

Developed a database-driven application for processing patient information and assessing heart disease risk.

Online Hotel Reservation System

Created UML and system design diagrams to represent application structure and workflows.
